REGISTRATION

Registering to Participate in a Meeting

To sign up to participate in the meeting of your choice we ask that you please follow the steps below:

1 Complete and submit the **ONLINE REGISTRATION FORM**:

[Link to the Online Registration Form](#)

2 Send in either an **ABSTRACT** or a **PERSONAL RESEARCH SUMMARY**

A - If you would like to present either an [oral presentation](#) or a [poster](#) during the meeting please send in an [abstract](#).

OR

B - If you do not want to present work then we ask that in place of an abstract you submit a short [personal research summary](#), i.e. a paragraph or two on your background and research interests.

[Link to the Abstract Details Page](#)

There is no strict deadline, but please aim to submit your abstract or personal research summary within 2 to 3 weeks following the submission of your online registration form - this will help the organizer immensely. A generic abstract will be satisfactory - feel free to submit a final abstract nearer the start of the meeting if you would like to include more details.

Please remember that your place at the meeting is not confirmed until you have submitted your abstract/personal research summary.

3 Submit a FULLY REFUNDABLE MEETING FEE OF 300 EUROS.**

[How to Submit Your Payment](#)

If you require an invoice to pass on to the financial administrators at your institution prior to submitting your payment or a receipt for your payment please request one at this time - email england@mangosee.com

Please note - we do not require your Meeting Fee to include you amongst the list of Confirmed Participants - there is no strict deadline by which you must pay the Meeting Fee.

** All Meeting Fees will be 100% refundable (less a 25 euro service charge and any bank charges incurred) until 10 weeks before the Start Date of the meeting.

4 Many thanks, you are now REGISTERED for the meeting!! We look forward to meeting you in West Africa

Once we inform by email that you that you have satisfactorily completed Steps 1 and 2 above, you will be considered a Confirmed Participant and your name (with abstract, if applicable) will be included amongst the online list of registrants on the meeting's home page.

If you have also already paid the Meeting Fee, thanks again.
(Please note - if you require a receipt to pass on to the financial administrators at your institution please request one at this time - email england@mangosee.com)

If you have yet to submit your payment for the Meeting Fee, please just let us know by email how and when you intend to do so - that will help us immensely. Remember, there is no strict deadline by which we ask that you pay, and your registration will not be cancelled if you delay, but we certainly appreciate it if you can pay just as soon as possible after completing the registration form and submitting your abstract (or personal research summary).

Deadline for Registration

There is no strict deadline for registration. But capacity is limited, so we urge you to sign up sooner rather than later.

If spaces are still available we will happily accept new registrants any time up until the start of the meeting and will do everything possible to ensure that you have caught up with everything that you need to know prior to departing for West Africa.

Please Don't Miss this Opportunity to be Part of a Meeting with a Difference

Not just because of the location and the format - but Mangosteens thinks and does things a little differently than many other meeting organizers. We do so quite unapologetically, and always in the interests of the participants, good science and excellent communications, and with thoughts of the host nation and wider developing world.

This is not a large conference that is being organized by a scientific committee of twenty or more esteemed professors, with a long list of invited speakers and under the auspices of several large societies or federations. It will be an innovative and quite a small meeting, which is part of a new (but proven!) initiative, and which will take place in an extremely non-traditional location - a location that will certainly not be popular with everyone working in the research field.

For all of these reasons, it is imperative that all seriously interested prospective participants demonstrate a preliminary level of commitment to participating at the earliest possible time.

It may not be a large meeting, but it can be an important and influential one. It doesn't take federations to build a good, strong, meaningful meeting - just the interest and commitment of a number of dedicated individuals thinking along similar lines.

If you're interested, but not sure about Mangosteens's approach, please take a look at recent [testimonials](#) and perhaps speak to some of the [past participants](#).

** Some of the details may change. The organizer reserves the right to make essential changes without notice

between now and the starting date of the conference to better suit the final programme and the interests of confirmed participants.

THE MEETING FEE

The Meeting Fee

The standard fee for participating in a meeting is 300 euros.

No dispensation will be given on the basis of the length of time a participant spends in attendance at the meeting - the cost of participating on one day or all days is the same.

[But a Fee Reduction may be considered on other grounds - for more information please see Mangosteen's Policy on Meeting Fees and Fee Reduction](#)

[Note for Prospective Participants working in Developing Nations](#)

The Meeting Fee (or Registration Fee if you prefer that term) covers all of the elements required to bring this international scientific forum into being – fundamental organization, acquisition of venues, provision of projection equipment etc. – as well as Mangosteen's advice and guaranteed assistance before, during and, if requested, after the meeting.

The Meeting Fee DOES NOT cover the costs of participants' accommodation, meals and local/regional transportation while in West Africa. [For further information on this topic please see the estimated cost of attending the meeting - your expenses while in West Africa](#)

Neither does it cover the cost of the visa(s) you may need to obtain, nor, more obviously individual air fares, airport taxes or related costs.

Is the Meeting Fee Too High? Prospective Participants Unable to Pay the Preliminary Meeting Fee

If you are unable to pay the Meeting Fee, or if you believe it to be too high, or should you have other questions, we ask that you please contact us by email - contact the meeting organizer Dr. Anthony England directly at england@mangosee.com. We are only too happy to discuss any concerns you may have.

Different Payment, Billing or Meeting Fee Arrangements

Mangosteen has previously been asked to provide a combined accommodation and meeting charge by a prospective participant in order to satisfy the reimbursement requirements of their particular employer/institution.

Given that Mangosteen receives the Meeting Fee and an independent West African hotel will take the cost of accommodation, this is not something that we intend to do as standard policy.

However, if you have a similar issue and need us to make special arrangements to accommodate your specific needs we are only too happy to help. Please contact us by email and state what it is that you need us to help you with.

ADMISSIONS POLICY

Application and Admissions Policy

Mangosteen operates an open admissions policy. There is no formal selection procedure to go through to be allowed to participate - please just kick off your registration by completing and submitting the [online registration form](#).

Other than in exceptional circumstances or where there is a need for the organizer to utilize discretion to create a good balance of participants, there will be no selection/deselection criteria for prospective participants.

Mangosteen greatly values both your interest in participating and your important contributions to the meeting now and to research in the field in the future. Please feel free to take your place as one of the participants - we look forward to meeting you in West Africa.

ABSTRACTS

Abstract Submission

If you would like to present work during the meeting, we ask that you please send in an [abstract](#) just as soon as possible after submitting the [online registration form](#).

We will not typically confirm your participation in the meeting until we have received your abstract (or if you do not intend to present, your personal research summary).

There is not, however, a strict abstract submission deadline.

Abstract Format

We ask that you send a Microsoft Word (.doc) or searchable PDF file (.pdf) of one or two pages, in Letter or A4 format, as an email file attachment to england@mangosee.com or mangosteen@mangosee.com.

If it's more convenient (and wholly relevant to this meeting) for you, feel free to submit one of your recent short publications, again in Microsoft Word or PDF file format, even if it's a little longer than two pages.

Please be sure that the document you submit contains your full name, current affiliation and institution and email address on the first page.

It's More than just an 'Abstract' - Advertise Yourself!

Mangosteen considers [abstracts](#) not as just an introduction to a short presentation, but more as an introduction to you, to your background and expertise, to the work you are doing now, and, most importantly for the objectives of this meeting, as an indicator to the type of professional relationships you are looking to build and collaborative efforts you are hoping to establish in the near future. With this in mind, something along the lines of a personal summary or modified curriculum vitae might be more informative to the other participants than a traditional abstract or single research paper.

Personal Research Summary

You need only submit an abstract if you intend to give either an oral or poster presentation during the meeting.

If you intend to participate in the meeting, but do not want to present work then we ask that in place of an abstract **you submit a short personal research summary** (i.e. a paragraph or two on your background and research interests) as part

of your registration for the meeting.

You will not typically be included amongst the list of confirmed participants until we have received either your abstract or personal research summary.

If submitting an abstract feel free to include details on your background and research interests to the abstract - this will serve to help other participants to get to know you and your specific interests all the more quickly.

CREDIT CARD PAYMENT - ONLINE BY CREDIT CARD VIA PAYPAL

Apologies but there is no direct secure website to use to pay your meeting fee by credit card - for now, Mangosteen is using 'PayPal'.

To submit your credit card payment please go to the following page and use the PayPal Shopping Cart:

[Link to the PayPal Shopping Cart](#)

Please note - a total of twelve euros will be added to each meeting fee payment of 300 euros to account for the charges incurred.

Alternatively - go to PayPal's home page (www.paypal.com) - and Send Money in Euros to the email address - ae4@mangosee.com.

PayPal (www.paypal.com) is an easy to use secure way in which to transfer money from your credit card and/or your bank account (depending on which country you live in). All you need to do to SEND MONEY via PayPal is to go to the website - and follow the instructions for sending money. It's extremely straightforward.

Anyone that is a regular user of eBay internet based auctions will likely already be very familiar with the way in which PayPal works - if you're not, any friend or colleague that does use eBay should be able to tell you that it's a very reliable way in which to transfer money over the internet.

ONLINE FROM A BANK ACCOUNT VIA PAYPAL

To submit a payment from your bank account via PayPal please go to the following page and use the PayPal Shopping Cart:

[Link to the PayPal Shopping Cart](#)

Please note - a total of twelve euros will be added to each meeting fee payment of 300 euros to account for the charges incurred.

Alternatively - go to PayPal's home page (www.paypal.com) - and Send Money in Euros to the email address - ae4@mangosee.com.

(Please see the short explanation above if you would like to learn what PayPal is all about - or alternatively go to www.paypal.com)

BY ANOTHER METHOD

If none of the above methods is convenient for you, please let us know so that together we can figure out a different method to transfer the payment.

RECEIPTS FOR PAYMENT

By default we will acknowledge receipt of your payment with a simple email message.

If you need a more formal receipt to be sent to you by email please let us know, or if you need a hard copy or something altogether different please just ask.

 Different Payment, Billing or Meeting Fee Arrangements

Mangosteen has previously been asked to provide a combined accommodation and meeting charge by a prospective participant in order to satisfy the reimbursement requirements of their particular employer/institution.

Given that Mangosteen receives the Meeting Fee and an independent West African hotel will take the cost of accommodation, this is not something that we intend to do as standard policy.

However, if you have a similar issue and need us to make special arrangements to accommodate your specific needs we are only too happy to help. Please contact us by email and state what it is that you need us to help you with.

DEVELOPING WORLD RESEARCHERS

 Prospective Participants from Developing Nations

There is no Meeting Fee for researchers working in developing nations.

Please simply submit the [online registration form](#) to sign up to participate in a meeting. If you would also like to present work

- and we hope that you will - please also submit an [abstract](#).

ORAL PRESENTATIONS

Oral Presentations

We welcome your submissions for oral presentations.

There is no strict deadline for submitting oral presentations - all that we ask is that you please send in your abstract as soon as possible after you have completed and submitted your [online registration form](#).

In constructing the oral component of the scientific programme we aim to put together the strongest schedule of presentations possible.

But Mangosteen's meetings are different for a multitude of reasons - with communication always at the forefront - and we therefore also aim to do everything reasonably possible to accommodate the needs and wishes of everyone who would like to present work orally. There will be no hand-picked invited speakers at this meeting - that's our policy - it's the interest of prospective participants that drive this meeting, and it is they that will be the speakers - so please, no matter how junior you might be, which country you work in or how diverse your interests, do not be discouraged from submitting an abstract and letting us know that you would like to take your place in the programme.

A Meeting With No Invited Speakers!?

Yes, that's right - no invited speakers, no pre-determined programme.

Mangosteen's policy at this point in time is not to select and formally invite particular individual scientists to speak during our meetings - accordingly no one is invited, and there are only participants rather than speakers.

Scientists themselves elect to participate in our meetings and those that want to present work in the form of an oral or poster presentation will be given every opportunity to do so. This non-traditional approach may seem a little unorthodox, and perhaps it is, but it works extremely effectively and makes for a wonderful atmosphere during the meeting. The reason for this - quite possibly that everyone participating in our meetings does so because they themselves chose to be there, to get involved in the scientific discussion, and no one is at the meeting out of a sense of obligation to the organizer or for reasons of prestige. It's all about communication! It's all about the science!

Duration of Oral Presentations

The exact time to be allotted for oral presentations will be announced in the weeks leading up to the start of the meeting.

All presenters will be allotted an equal amount of time to present their work.

As an early guideline, all presenters can expect to have a minimum of 20 minutes and a maximum of 40 minutes to speak. Audience questions will follow each talk a relaxed period of 5 to 10 minutes will be set aside for Q&A.

MEETING FEE REDUCTION

Fee Reduction - Mangosteen's Policy on Meeting Fees

Mangosteen's meetings are about people communicating, constructive scientific exchanges and ultimately about doing whatever we can to aid the progress of research in the field of the meeting.

The size of the [Meeting Fee](#) is considerably less important than these goals and accordingly Mangosteen considers the Meeting Fee to be NEGOTIABLE.

If you consider the standard Meeting Fee of 300 euros to be too high, or Mangosteen's level of assistance or the meeting itself poor value for money, or if you are a student or early career researcher with limited resources and the payment of the Meeting Fee is the difference between your ability to attend or not, then we are only too happy to reduce or even waive the Meeting Fee in your favour.

If you think a reduction or waiver to be justified for whatever reason, please contact the meeting organizer Dr. Anthony England (england@mangosee.com) to discuss a reduction of your Meeting Fee.

CONTACT THE MEETING ORGANIZER

Please Contact Us At Any Time, About Any Aspect of the Meeting

The primary method of communication for all meetings is email.

For anything and everything to do with the meeting(s) please use the following email address -

mangosteen@mangosee.com

or contact the meeting organizer Dr. Anthony England directly at england@mangosee.com

Don't hesitate, if you have a question or need information please fire off a quick email message - every message we receive will be answered, more often than not within 24 hours.

If you have a relatively straightforward question it is likely that you will find the answer amongst the database of [Frequently Asked Questions](#).

POSTER PRESENTATIONS

Poster Presentations

We welcome your poster submissions - there will be no restrictions placed on the maximum number of posters that can be presented.

Please send us an abstract for your poster present immediately after completing and submitting the [online registration form](#).

There will be no standard poster size or font specifications. We will leave that decision to your professional judgement - please simply create a poster that is in line with the resources at your disposal and which is easily viewed from a distance of approximately one metre.

The scope of the meeting is at its widest here - whether it's represented in the main programme or not, if you want to talk about an aspect of your work or ideas for the future, please put it on a poster.

LETTER OF INVITATION

■ Letter of Invitation

- | Mangosteem is only too happy to provide a letter of invitation for you, should you need one to be able to participate in the meeting, for whatever reason.
- But please be advised that letters of invitation do not come with a promise of financial assistance from the meeting organizer!!

ACCOMMODATION

■ Accommodation in Dakar (Senegal) and Kololi (The Gambia)

- | **The majority of hotel and accommodation information will be made available to confirmed participants in the months before the meeting.**

For the moment, suffice to say that in both Dakar, Senegal and Kololi, The Gambia there is a full range of hotel options - from budget through mid-range to top end - and there are always plenty of rooms available, making reservation extremely to get, even at very short notice.

There will basically be two options regarding making hotel reservations:

- 1 Make them yourself directly or over the internet at any time of your choosing. Using this method will NOT include a discount due to your participation in the meeting
 -
- 2 Allow Mangosteem to make your arrangements for you. This will include a discount due to your participation the meeting
 -

If you have specific questions or concerns in the meantime please either take a look at the list of [Frequently Asked Questions on the topic of accommodation](#) or contact the meeting organizer Dr. Anthony England directly by email - england@mangosee.com

■ Accommodation in Tendaba

- | Please note that the meeting organizer will make all accommodation arrangements for nights spent at Tendaba in The Gambia.

PARTICIPANTS & EXPENSES

■ Participants and Expenses - This is a Meeting without 'Invited Speakers'

There are no plans to have 'invited speakers' with expenses paid by the conference and its participants.

All participants will therefore be required to cover their own costs.

Everyone is equal at Mangosteen's meetings, everyone's contribution is important, and everyone in attendance at the meeting will be there because they have elected to participate in what is intended to be a true forum for scientific exchange and creative discussion.

West Africa is however a cheap part of the world and air fares to the region are very reasonable - so it will not be an expensive trip - but it may well be one of the most unique, enjoyable and rewarding experiences you have during your career. We hope to see you there.

SIZE OF THE MEETING

■ Anticipated Size of the Meeting

The optimal (organizer's target) size for this meeting is considered to be 50 participants, plus or minus ten. (The upper limit will be set at 70 participants.)

The target size is very much in line with the number of researchers who participated in Tuberculosis 2006 in April 2006 - also taking in to account the opinions of individuals who participated in the meeting. Fifty to fifty-five participants made for extremely effective, wide ranging scientific exchanges and a wonderfully relaxed atmosphere. The meeting was not too large to be impersonal, not too small to limit the strength and variety of the science on display - and practically the perfect size to allow participants to speak to everyone they both knew and didn't know in the room within the available time.

Given the location, timing, format and their innovative structure, it is, however, extremely difficult to predict exactly how many participants each meeting will attract - numbers also very much depend on the size of individual scientific fields.

VISAS

■ Visas

The majority of visa information will be made available to confirmed participants in the months before the meeting.

If you have specific questions or concerns in the meantime please either take a look at the comprehensive list of [Frequently Asked Questions on the topic of visas](#) or contact the meeting organizer Dr. Anthony England directly by email - england@mangosee.com

LANGUAGE OF THE MEETING

Language

- | The language employed during all oral presentations and scheduled discussions will be English.
- There will be no simultaneous translations for meetings taking place in Senegal - where one of the official languages is French.

PRACTICAL INFORMATION FOR CONFIRMED PARTICIPANTS

Information for Confirmed Participants

- | General and practical information about the meeting, the meeting location and about preparing to travel to West Africa can be found on the following web pages -

[General & Practical Information for Confirmed Participants](#)

- Please note that these web pages are Password Protected and are only of use to Confirmed Participants.

if you are a Confirmed Participant and you do not yet have the password please request it from the meeting organizer - send email to england@mangosee.com.

GETTING TO THE MEETING VENUE

Getting to the Venues

- | **The majority of travel information will be made available to confirmed participants in the months before the meeting.**

If you have specific questions or concerns in the meantime please either take a look at the list of [Frequently Asked Questions on the topic of flights and getting to West Africa](#) or contact the meeting organizer Dr. Anthony England directly by email - england@mangosee.com.

Important Note on Flight Routes:

For all Meetings being held in Dakar, Senegal - please plan on flying in and out of Dakar International Airport (airport code - DKR)

For all Meetings being held in Kololi, The Gambia - please plan on flying in and out of Banjul International Airport (airport code - BJL)

From Tendaba to the Airport:

Please do not factor Tendaba into your flight plans - the outward and return trips from Dakar to Tendaba OR Kololi to Tendaba will be made overland. If you fly into Dakar we suggest that you should also plan on flying home from Dakar - unless you specifically want to visit the Gambia coast before returning home.

ACCOMPANYING GUESTS

Accompanying Guests

Mangosteen wants to actively encourage you to bring whomever you might like to join you in West Africa, be it your spouse, partner, young family or a couple of friends.

There is no fee for accompanying guests.

It will not be difficult to arrange any additional [accommodation](#) required. Neither will it be difficult to find things to entertain guests while you participate in the scientific sessions. It's always very straightforward to quickly organize day trips, tours and other visitor activities in West Africa.

If you already know that you will be bringing a guest at the time of your registration please do let us know when completing the [online registration form](#). Failing this, please just send an email to let the organizer know that your friends or family members will be joining you for the meeting.
